

# InstaShow® Wireless Conferencing Solution

Wireless, intuitive, and secure collaboration for seamless hybrid meetings

**Plug-and-play:** Simply plug in the InstaShow® button to your device and share your screen with just one click.

**Data Security:** AES 128-bit encryption and WPA2 authentication protocol ensure that sensitive data remain protected and confidential.

**BYOM:** A full BYOM support allows you to connect your Windows device to the meeting room cameras using your preferred video conferencing system. *Only on VS20 & VS10.*

**Button Built-in Microphone:** The VS20 solution boasts a unique built-in microphone button, which brings an exceptional audio quality to your video conferences. *Only on VS20*

**Dual Interface:** With the switchable dual interface, you can easily switch between USB Type-C or HDMI connectivity. *Only on VS20 & VS10*

**Auto Clear Channel Assessment :** With this auto Wi-Fi channel selection, InstaShow® device detects the channel with the lowest traffic automatically to improve smooth conferencing. *Only on VS20 & VS10*

**BenQ**
